## **Unión Argentina de Problemistas de Ajedrez (U.A.P.A)**

El Ajedrez, disciplina polivalente y resistente a definiciones simples, exhibe también una naturaleza artística. Hablar de arte es hablar de “creación” y compartimos el pensamiento de que *“De todos los misterios del universo, ninguno más profundo que el de la creación. Nuestro espíritu humano es capaz de comprender cualquier desarrollo o transformación de la materia, pero cada vez que surge algo que antes no había existido – cuando nace un niño o, de la noche a la mañana, germina una plantita entre grumos de tierra – nos vence la sensación de que ha acontecido algo sobrenatural, de que ha estado obrando una fuerza sobrehumana, divina. A veces nos es dado asistir a ese milagro, y nos es dado en una esfera sola: en la del arte.” STEFAN ZWEIG (Viena, 1881 – Petrópolis 1942).*

Por ello, la composición ajedrecística sólo cobra sentido cuando se ponen en juego todas las fuerzas que la mente humana invierte en el proceso creativo: asombro, ruptura de lo paradigmático, apertura hacia lo impensable, hacia lo enigmático y un extraño interjuego entre lo racional y lo mágico.

Pero el arte es, asimismo, un acto de comunicación: hay un receptor de la obra que la acepta y que asume la propuesta de involucrarse en su influjo, en su mensaje. Y allí es cuando aparece el “solucionista”, destinatario de esa alquimia y descifrador de ese chispazo de belleza, que siempre es un mensaje, un hecho compartido.

Nuestro sitio es un espacio que pretende exponer y homenajear a la obra ya creada, para disfrute de todos, y colaborar en el estímulo hacia quienes han avizorado en esta especialidad una manera de compartir lo asombroso.

### **ESTUDIOS Y PROBLEMAS**

**Esta selección de composiciones artísticas se ha realizado en el marco de las actividades y objetivos de la Unión de Problemistas Arnoldo Ellerman con sede en la ciudad de Salta (Argentina). En tal sentido, han sido expuestas en el ex sitio de igual nombre que estuviera en la web durante los años 2000 al 2002**

En esa oportunidad, se decidió seguir una forma de presentación similar a la de los libros del investigador, periodista y compositor argentino Zoilo R. Caputto : El Arte del Estudio del Ajedrez. (1) Es decir, exponiendo los estudios de autores agrupados en los países de procedencia. La característica distintiva, está en el agrupamiento de los estudios de autores en las antiguas regiones políticas-sociales: Ex Unión Soviética, Ex Checoslovaquia y Ex Yugoslavia

En razón de haberse detectado algunos errores técnicos, en esa publicación se han realizado, en esta nueva edición algunos reemplazos de estudios

**(1) Tomo III "Resto del Mundo" - Tomo IV "Ex -Unión Soviética"**

### **STUDIES-AND-PROBLEMS**

**This selection of artistic compositions was made in the context of the activities and objectives of the Union of problematicists "Arnoldo Ellerman" based in the city of Salta (Argentina). In this sense, have been exhibited at the former site of equal name that was on the site for the years-2000-to-2002**

On that occasion, it was decided to follow a presentation similar to the books of the researcher, journalist and Argentine composer, Zoilo R. Caputto: The Art of Chess Studio. (1) That is, exposing the studies authors, grouped in the countries of origin. The distinguishing characteristic is the grouping of studies of the ancient authors in social-political regions: former Soviet Union, former Czechoslovakia and former-Yugoslavia

By reason of some technical errors have been detected in this publication has been made in this new edition some studies replacements

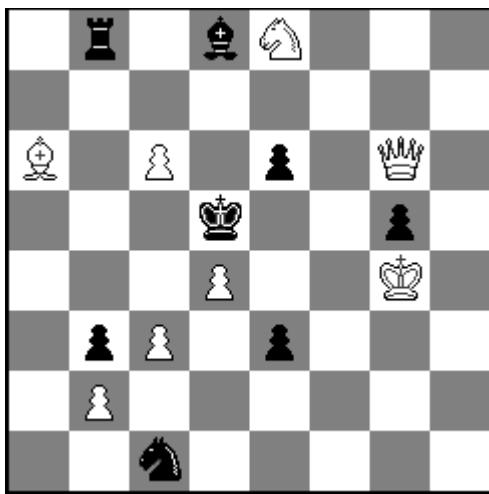

**(1) Volume III "Rest of the World" - Volume IV "Former Soviet Union"**
